

## **Andrew College Receives \$1.7M Gift**

Andrew College, Cuthbert, Georgia, announced today the receipt of \$1.7 million from the estate of Mr. and Mrs. Otis LeMay. The gift follows previous LeMay gifts to the college's endowment to fund both merit and need-based scholarships.

Mr. and Mrs. LeMay, former residents of Columbus, Georgia, were long time friends and benefactors of the college. Mr. LeMay served on the Andrew College Board of Trustees for many years and had previously established the Otis and Mary LeMay Endowed Scholarship Fund.

Ms. Emily Jean McAfee of Albany, Chair of the Andrew College Board of Trustees, in response to learning of this ten percent addition to Andrew's previous \$9.5M endowment, said, "It is wonderful to be the recipient of another substantial example of Southwest Georgia's support of Andrew College. The annual use in perpetuity of five percent of this extraordinary gift will allow Andrew to provide endowed scholarships to deserving young people needing financial assistance to begin a college education."
