PRESS RELEASE

For Immediate Release

December 20, 2017

Andrew College welcomes all gardeners

CUTHBERT, GA. – Andrew College’s Regenerative Agriculture Club has created a community garden that is open to all gardeners, regardless of age or skills. The garden will be open on Tuesdays from 9-11 a.m. and on Thursdays from 1-3 p.m., starting in mid January 2018.

Helping in the garden is easy. Check in with a garden leader, work for one hour, and then take home fresh, organically-grown produce for FREE! Participants will work with the land, help grow and harvest tasty produce, and help build a healthy community.

The garden is located at the Regenerative Agriculture Greenhouse, 501 College Street in Cuthbert (just north of Iris Gardens, outside Rhodes Science Building).

For more information, contact Drew Schiavone, 229-732-5907 or drewschiavone@andrewcollege.edu or go to Facebook: www.facebook.com/acrag

#####

Established in 1854, Andrew College is related to The United Methodist Church and is accredited by the Southern Association of Colleges and Schools Commission on Colleges. Situated in the rural southwest Georgia community of Cuthbert, Andrew College offers the Associate of Art, Associate of Music, Associate of Nursing, Associate of Science and Bachelor of Business degrees.
