### **Fall Art Exhibition featured Andrew College student work**

CUTHBERT, GA. – The Andrew College Visual Art Program held a reception and open house on December 3 in downtown Cuthbert to showcase students' work for the fall semester. The exhibition featured paintings, drawings and ceramics.

Chris Johnson, assistant professor of visual art and director of the visual art program, said that he was very pleased with the quality of his students' work. He elaborated, "One of the most amazing parts of teaching art at Andrew College is witnessing the students' transition from being beginning students, unsure in their artistic abilities, into artists who are confident in their ideas, technique, uniqueness, and being open about sharing their perspective.

**Photo:** Visitors to Andrew College's student art exhibition had a chance to receive an up-close and personal view of the work produced by this semester's group of talented students.
