## PRESS RELEASE

---

For Immediate Release

August 30, 2018

### **Nursing progresses towards accreditation**

CUTHBERT, GA. – The Andrew College Nursing Division is seeking full accreditation from NLN CNEA. Having received notification in March that the Associate Degree Nursing Program had been granted NLN CNEA pre-accreditation status, the nursing faculty immediately requested a fall 2018 site visit and began preparing the required Self Study Report for submission to CNEA.

Programs holding NLN CNEA pre-accreditation status are eligible to apply for initial program accreditation with NLN CNEA. Pre-accreditation status is effective for three years, however, the program is seeking full accreditation prior to the first class of graduates in May 2019.

Susan Askew, director of the nursing program, remarked, “Our goal is to provide excellent nurses to the Southwest Georgia region and accreditation by NLN CNEA reflects that commitment.” NLN CNEA Site visitors will be on campus September 17–19, 2018.

The Andrew College Associate Degree Nursing Program is pursuing accreditation from the National League for Nursing Commission for Nursing Education Accreditation (NLN CNEA), located at 2600 Virginia Avenue, NW, 8th Floor, Washington, DC 20037; phone 202-909-2500. Interested parties are invited to submit third-party comments in writing directly to NLN CNEA, attention Lusetha Rolle, NLN CNEA Manager of Accreditation Services, no later than September 3, 2018.
