PRESS RELEASE

For Immediate Release

February 14, 2018

Preview Visit Day held at Andrew College

CUTHBERT, GA. —Over 25 families attended a Preview Visit Day on the campus of Andrew College on February 3. Attendees were treated to a full day of events which included a presidential welcome, a financial aid workshop, a student led panel, campus tours, individual academic sessions, athletic discussions and lunch.

Andy Geeter, vice president of enrollment, commented that he was very pleased with the turnout for the first Preview Day of 2018. “We usually have a good crowd, but it was especially rewarding to see so many prospective students turn out for a visit day so early in the year. Students here for the day expressed interest in learning more about our nursing, fine arts, social science, science, timber management and business degree programs. Plus, of course, a number of students were interested in participating in athletics. The majority of visitors were from Georgia, Alabama and Florida.”

Other scheduled opportunities to visit Andrew College include mini-Preview Days (Marvelous Mondays) designed to offer a look into the life of the college. They will be held on the Mondays of April 2, 9 and 16. These visits days coincide with some common school holidays.

The next Preview Day will be held on Saturday, April 21. Individual visits can also be scheduled. For more information, go to www.andrewcollege.edu/visitation-days
