PRESS RELEASE

For Immediate Release

April 30, 2019

Spring Art Exhibition featured Andrew College student work

CUTHBERT, GA. – The Andrew College Visual Art Program held a reception and open house on April 29 in downtown Cuthbert to showcase students' work for the spring semester. The exhibition featured paintings and ceramics.

Chris Johnson, assistant professor of visual art and director of the visual art program, said that he was very pleased with the quality of his students' work. He elaborated, "I believe this show was one of our best. Witnessing my students' transition from being beginning students, unsure in their artistic abilities, into artists who are confident in their ideas, technique, uniqueness, and being open about sharing their perspective is one of the most amazing parts of teaching art at Andrew College."

Photo: Visitors to Andrew College's student art exhibition had a chance to receive an up-close and personal view of the work produced by this semester's group of talented students.
