

"My life, attitude, and sense of leadership has been changed for the better through the AndrewServes program. I've helped our local food bank, volunteered in hurricane cleanup operations, worked on Habitat for Humanities projects and countless other community projects. I could not imagine my life without being a part of AndrewServes."

The AndrewServes Servant Leadership Program was formed in 2000 to provide service opportunities for students. By serving the community, students gain confidence and self-esteem as they learn how to make a difference in the lives of others.

AndrewServes helps students discover their leadership abilities while making an impact in the community. Retreats, tutoring and volunteering in a community agency of each student's own choosing are just a few of the program components that further enhance students' leadership education and development.

An Opportunity to Serve

AndrewServes provides a multitude of service opportunities such as

- Participating in an Alternative Spring Break Mission Trip with Habitat for Humanity
- Mentoring and tutoring local elementary, middle and high school students
- Hosting events at local nursing homes, shelters, churches and schools
- Organizing the on-campus recycling campaign and Adopt-A-Mile cleanups in partnership with Keep Randolph Beautiful
- Volunteering at area festivals
- Participating in community sponsored events, team building retreats and leadership conferences

"AndrewServes taught me to find joy in helping people and volunteering my time. A bonus is that I now have leadership training which will help me in the future when I start my job search."
